INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of Academy Independent School District

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Academy Independent School District (the "District"), as of and for the year ended August 31, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of August 31, 2024, and the respective changes in financial position, and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis section which precedes the basic financial statements and the pension and other post-employment benefits liabilities related schedules following the notes to the financial statements be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The accompanying combining schedules of non-major governmental funds, and the schedule of expenditures of federal awards as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining schedules of non-major governmental funds and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included within the annual report. The other information comprises exhibits required by the Texas Education Agency which present property tax collection and receivable information, budget-to-actual comparisons for the Child Nutrition Fund and Debt Service Fund, and information related to expenditure levels of selected state funding allotments. Our opinions on the basic financial statements do not cover this other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

Singleton, Clark & Company, PC

In accordance with Government Auditing Standards, we have also issued our report dated October 25, 2024 on our consideration of Academy Independent School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the District's internal control over financial reporting and compliance.

Singleton, Clark & Company, PC

Cedar Park, Texas

October 25, 2024

MANAGEMENT'S DISCUSSION AND ANALYSIS

In this section of the Annual Financial and Compliance Report, we, the managers of Academy Independent School District (the "District") discuss and analyze the financial performance of the District for the fiscal year ended August 31, 2024. Please read this information in conjunction with the District's basic financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The District's net position for governmental activities increased by \$1,525,227 as a result of this year's current operations, to end at \$8,787,326.
- Total governmental funds of the District (the General Fund, the Debt Service Fund, the Capital Projects Fund, and all Special Revenue Funds) reported an overall fund balance decrease of \$35,311,169, to end at \$14,332,657.
- The General Fund of the District reported a fund balance increase of \$413,072 for the year, to end at \$4,555,074.

OVERVIEW OF THE FINANCIAL SECTION

The Financial Section is the most substantial part of this Annual Financial and Compliance Report. It consists of the independent auditor's report, management's discussion and analysis (this section), a set of basic financial statements with required note disclosures, and finally, required supplementary information and other supporting statements and schedules as applicable.

Independent Auditor's Report

State law requires the District's financial statements to be audited by an independent certified public accountant each year. The primary purpose of the annual audit is for the auditor to express an opinion as to whether the financial statements of the District appear to be free from material misstatement. The audit is required to be conducted in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. The District received an *Unmodified* opinion on its financial statements this year.

Management's Discussion and Analysis

The Management's Discussion and Analysis (MD&A) section of the report is intended to introduce the financial statements and to provide discussion and analysis regarding the financial performance of the District during the year. The MD&A is written by management of the District and provides for a less formal presentation of the financial activities of the District than is found within the basic financial statements themselves

Basic Financial Statements

The Basic Financial Statements consist of a series of financial statements and required note disclosures. These statements include government-wide financial statements which present the District in a consolidated and long-term manner using full-accrual accounting similar to that of a business enterprise, and fund financial statements which present a more detailed view of the District using a more short-term view and traditional modified-accrual governmental accounting. These financial statements are followed with detailed notes which provide narrative explanations and additional data for full disclosure of information.

Required Supplementary Information

The previously discussed Management's Discussion and Analysis section is considered to be required supplementary information, however, the governmental reporting framework requires that it be presented before the financial statements. When applicable, additional required supplementary information must follow the financial statements. Within this financial report, the District presents required schedules related to its participation in the Teacher Retirement System of Texas and the Texas Public School Retired Employees Group Insurance Plan.

Combining and Individual Fund Statements and Schedules

The combining statements provide detailed information about the District's nonmajor funds. While the primary financial statements present the nonmajor funds in a consolidated manner, the combining statements list all of the nonmajor funds separately, each in its own column. In addition, this section also includes schedules required by the Texas Education Agency to report tax collection information and budget to actual information for the District's child nutrition and debt service functions.

OVERVIEW OF THE FEDERAL AWARDS SECTION

Report on Internal Controls and Compliance

In accordance with *Government Auditing Standards*, the auditor is required to consider the internal controls the District has in place over financial reporting and whether any noncompliance with rules, laws, and regulations was noted during the audit. This report describes the scope of the testing of internal control and compliance, however, it does not provide an opinion on the effectiveness of internal control or on compliance.

Report on Compliance and Internal Control for Each Major Program

Because the District expended more than \$750,000 in federal grant awards, an additional independent auditor's report on compliance and internal control over the District's major federal grant programs was required. This report provides an opinion by the independent audit firm that the District complied, in all material respects, with the requirements applicable to the federal grants received and expended.

Schedule of Expenditures of Federal Awards

The Schedule of Expenditures of Federal Awards (SEFA) provides a detailed listing of the federal grant awards received by the District during the year. This listing includes federal grant names, identification numbers, and amounts expended.

Schedule of Findings and Questioned Costs

The Schedule of Findings and Questioned Costs provides an overall summary of auditor results, including identification of the type of opinion on the financial statements, whether any significant deficiencies or material weaknesses in internal controls were observed by the audit firm, and whether any material noncompliance was noted. This schedule also lists information related to the audit of the District's major federal programs and lists any audit findings reported by the audit firm for the year.

Reporting the District as a Whole

The Statement of Net Position and the Statement of Activities

The analysis of the District's overall financial condition and operations begins with the government-wide financial statements which immediately follow this section. The government-wide financial statements include the Statement of Net Position and the Statement of Activities. The primary purpose of these financial statements is to show whether the District is better off or worse off as a result of the year's activities. The Statement of Net Position includes all the District's assets, deferred outflows, liabilities, and deferred inflows at the end of the year while the Statement of Activities includes all the revenues and expenses generated by the District's operations during the year. These apply the accrual basis of accounting which is the basis used by private sector companies.

All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid. The District's revenues are divided into those provided by outside parties who share the costs of some programs, such as tuition received from students from outside the District and grants provided by the U.S. Department of Education to assist children with disabilities or from disadvantaged backgrounds (program revenues), and revenues provided by the taxpayers or by the State of Texas in equalization funding processes (general revenues). All the District's assets are reported whether they serve the current year or future years. Liabilities are considered regardless of whether they must be paid in the current or future years.

The Statement of Net Position and the Statement of Activities report the District's net position and changes in net position. The District's net position (the difference between assets, deferred outflows, liabilities, and deferred inflows) provides one measure of the District's financial health. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. To fully assess the overall health of the District, however, you should consider nonfinancial factors as well, such as changes in the District's average daily attendance or its property tax base and the condition of the District's facilities.

In the Statement of Net Position and the Statement of Activities, school districts divide up their financial activities as follows:

- Governmental activities School districts report basic services here, including the instruction of students, counseling, co-curricular activities, child nutrition services, transportation, maintenance, community services, and general administration. Property taxes, state block grants based on student attendance and demographics, and other state and federal grants finance most of these activities.
- Business-type activities School districts may charge a fee to "customers" to help it cover all or most
 of the cost of services it provides for child care programs or other activities that closely model a
 business venture.

Our school district reported governmental activities this year, however, we did not engage in business-type activities.

Reporting the District's Most Significant Funds

Fund Financial Statements

The fund financial statements follow the government-wide statements and provide detailed information about the most significant funds of the District, not the District as a whole. Laws and regulations require the District to establish separate funds, such as for grants received from the state and federal government, money received from bond issues for capital projects, or for money raised specifically for debt service purposes, in order to clearly display financial accountability for use of these funds.

School districts use two different kinds of funds for operations, governmental funds and proprietary funds, which use different accounting approaches.

- A school district will use *governmental funds* to account for basic services. These use modified accrual accounting (a method that measures the receipt and disbursement of cash and all other financial assets that can be readily converted to cash) and report balances that are available for future spending. The governmental fund statements provide a detailed short-term view of the District's general operations and the basic services it provides. We describe the differences between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds in reconciliation schedules following each of the fund financial statements.
- A school district will use *proprietary funds* to account for the activities for which it charges users (whether outside customers or other units of the District). Proprietary funds use the same accounting methods employed in the Statement of Net Position and the Statement of Activities. In fact, when a district utilizes enterprise funds, (one category of proprietary funds) these are the business-type activities reported in the government-wide statements but they contain more detail and additional information, such as cash flows. Internal service funds (the other category of proprietary funds) report activities that provide supplies and services for a district's other programs and activities, such as a district's self-insurance programs.

Our District reported several governmental funds this year, however, we did not utilize proprietary funds.

The District as Trustee

Reporting the District's Fiduciary Responsibilities

The District is the trustee, or fiduciary, for money raised by student activities and alumni scholarship programs. All of the District's fiduciary activities are reported in separate Statements of Fiduciary Net Position and Changes in Fiduciary Net Position on pages that follow the governmental fund and proprietary fund financial statements. We exclude these resources from the District's other financial statements because the District cannot use these assets to finance its operations. The District is however responsible for applying sound financial internal controls over these funds and for ensuring that these resources are used for their intended purposes.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following analysis focuses on the net position (Table I) and changes in net position (Table II) of the District's governmental activities.

Net position of the District's governmental activities increased from \$7,262,099 to \$8,787,326. Unrestricted net position – the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – was (\$3,593,708) at August 31, 2024.

TABLE I ACADEMY INDEPENDENT SCHOOL DISTRICT NET POSITION

THE DISTRICT'S FUNDS

As the District completed this annual period, the General Fund reported an ending fund balance of \$4,555,074, which is \$413,072 greater than last year's total of \$4,142,002. This increase in fund balance is primarily attributable to greater than originally anticipated state program revenues.

The District's Debt Service Fund reported an ending fund balance of \$2,473,425 which is \$71,374 greater than last year's total of \$2,402,051. This increase also primarily relates to greater than originally anticipated state program revenues. The purpose of the Debt Service Fund is to provide for the payment of bond principal and interest payments as it becomes due.

The District's Capital Projects Fund reported an ending fund balance of \$7,165,284, which represents a decrease of \$35,590,928 from the previous year. This decrease in fund balance is the result of the District utilizing its previously issued school building bond proceeds to finance the construction of the District's new high school.

The District's other governmental funds reported combined ending fund balances of \$138,874. This combined balance is \$204,687 less than the previous year and primarily relates to decreases in fund balance in the District's National Breakfast and Lunch Program Fund and SSA-Bell County Co-Op Fund.

Over the course of the year, the Board of Trustees generally revises the District's budget based on financial updates provided by management of the District. These amendments involve moving funds from programs that did not need all the resources originally appropriated to them to programs with resource needs, or to react to originally unforeseen circumstances, such as unanticipated new revenues or unavoidable new costs. Budget amendments made during the year to the Instruction, School Leadership, Food Services, Extracurricular Activities, General Administration, Facilities Maintenance & Operations, Security Monitoring Services, and Debt Service Functions were considered significant.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

As of August 31, 2024, the District had \$92,073,863 (net of accumulated depreciation) invested in a broad range of capital assets, including facilities and equipment for instruction, transportation, athletics, administration, and maintenance.

A summary of the ending balances of capital assets by major category for both 2024 and 2023 is as follows:

	Governmental		Governmental			
		Activities		Activities		
		2024	2023			Change
Land	\$	1,648,225	\$	1,648,225	\$	=
Construction in Progress		69,226,141		32,436,514		36,789,627
Buildings and Improvements		37,763,945		37,401,976		361,969
Furniture and Equipment		7,547,287		7,434,796		112,491
Total		116,185,598		78,921,511		37,264,087
Less Accumulated Depreciation		(24,111,735)		(22,578,776)		(1,532,959)
Capital Assets, Net of Depreciation	\$	92,073,863	\$	56,342,735	\$	35,731,128

Debt

At year-end, the District had \$90,732,910 in bonds and loans payable outstanding versus \$92,805,591 last year. The decrease is attributable to the District making scheduled payments on its long-term debt during the year.

A summary of the ending balances of long-term debt by type for both 2024 and 2023 is as follows:

	Governmental		Go	vernmental		
	Activities		Activities			
	2024		2023		Change	
Bonds Payable	\$	89,937,910	\$	91,860,591	\$	(1,922,681)
Loans Payable		795,000		945,000		(150,000)
Total	\$	90,732,910	\$	92,805,591	\$	(2,072,681)

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The District's elected and appointed officials considered many factors when setting the fiscal year 2024- 2025 budget and tax rates. Those factors include property values, changes in enrollment, the economy, projections of future budget years, and legislative mandates. The District has adopted a General Fund budget of approximately \$18.9 million for the 2024-2025 fiscal year. This reflects an approximate increase of \$2.2 million in originally budgeted expenditures from the fiscal year 2023-2024 adopted budget to fiscal year 2024-2025.

For the 2024-2025 budget year, the District has decreased its maintenance and operations tax rate to \$0.6669 per hundred of taxable value. The District adopted a debt service tax rate of \$0.4995 for the 2024-2025 budget year in order to fund required debt payments in the coming year. The combined tax rate of the District for the 2024-2025 budget year is \$1.1664 per hundred of taxable value.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the District's finances and to show the District's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the District's Business Office, at Academy Independent School District, 704 East Main Street, Little-River Academy, Texas 76554 or by calling (254) 982-4304.

ACADEMY INDEPENDENT SCHOOL DISTRICT RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET TO THE STATEMENT OF NET POSITION AUGUST 31, 2024

			1
	Total Fund Balances - Governmental Funds		\$ 14,332,657
1	Capital assets used in governmental activities are not current financial		
	resources and, therefore, are not reported in the governmental funds.		
	Governmental capital assets	\$ 116,185,598	
	Less accumulated depreciation	(24,111,735)	92,073,863
2	Long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds.		
	Bonds payable, including unamortized premiums	(89,937,910)	
	Loans Payable	(795,000)	
	Deferred Charges on Refunding	1,268,990	
	Net pension liability	(5,050,348)	
	Net OPEB liability	(2,394,528)	(96,908,796)
3	Accrued interest on long-term debt related to governmental fund activities is not due and payable in the current period and, therefore, not reported in the governmental funds.		(131,044)
4	Deferred outflows and inflows of resources related to pensions and other post-employment benefits are applicable to future periods and, therefore, are not reported in the funds.		
	Deferred outflows of resources related to pensions	3,108,491	
	Deferred inflows of resources related to pensions	(1,305,323)	
	Deferred outflows of resources related to OPEB	1,432,585	
	Deferred inflows of resources related to OPEB	(4,025,250)	(789,497)
5	Property taxes are recognized as revenue in the governmental funds when collected, but recognized on the Statement of Activities in the year levied. Therefore, property taxes receivable, net of allowance for uncollectible accounts, is added to the Statement of Net Position for governmental		
	activities.		210,143
29	Net Position of Governmental Activities		\$ 8,787,326

ACADEMY INDEPENDENT SCHOOL DISTRICT RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED AUGUST 31, 2024

1	Total Net Change in Fund Balances – Governmental Funds Governmental funds report the portion of capital outlay for capitalized assets		\$ (35,311,169)
	as expenditures. However, in the Statement of Activities, the costs of those		
	assets are allocated over their estimated useful lives as depreciation expense.		
	Expenditures for capitalized assets	\$ 37,380,867	25 044 520
	Less current year depreciation	(1,536,329)	35,844,538
2	Repayment of principal on bonds and loans is an expenditure in the governmental funds, but this expenditure is removed from the Statement of Activities and these repayments instead reduce long-term liabilities on the Statement of Net Position.		1,510,000
3	Since long-term debt is not recorded in governmental funds, amortization of related issuance premiums and discounts is also not recorded.		472,039
4	The change in accrued interest due on long-term debt issued for governmental activities does not affect current financial resources and therefore is not reported in the governmental funds.		(21,872)
5	Property taxes are recognized as revenue in the governmental funds when collected but recognized on the Statement of Activities in the year levied. Therefore the uncollected amount of the current year levy is added to current year property tax revenue on the Statement of Activities.		85,474
6	Governmental funds report pension contributions as expenditures. However, pension contributions are reported as deferred outflows of resources on the Statement of Net Position if made after the net pension liability measurement date. In addition, the change in the net pension liability, adjusted for changes in deferred pension items, is reported as pension expense in the Statement of Activities.		(400,736)
7	Governmental funds report OPEB contributions as expenditures. However, OPEB contributions are reported as deferred outflows of resources on the Statement of Net Position if made after the net OPEB liability measurement date. In addition, the change in the net OPEB liability, adjusted for changes in deferred OPEB items, is reported as OPEB expense in the Statement of Activities.		(539,637)
8	Since capital assets are not reported in governmental funds, gains or losses		,
-	on disposal of capital assets are also not reported in governmental funds.		(113,410)
29	Change in Net Position of Governmental Activities		\$ 1,525,227
	<u>~</u>		

The notes to the financial statements are an integral part of this statement.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Financial Reporting Entity

This report includes those activities, organizations and functions related to Academy Independent School District (the "District"), which are controlled by or dependent upon the District's governing body, the Board of Trustees (the "Board"). The Board, a seven member group, is the level of government having governance responsibilities over all activities related to public elementary and secondary school education within the jurisdiction of the District. Since the District receives funding from local, state, and federal government sources, it must comply with the requirements of the entities providing those funds. However, the District is not included in any other governmental "reporting entity" as defined by Statement No. 14 of the Governmental Accounting Standards Board (GASB), since Board members are elected by the public and have decision making authority. Furthermore, there are no legally separate organizations, known as "component units", included within the reporting entity.

The accounting policies of the District comply with the rules prescribed by the Texas Education Agency (TEA) in its Financial Accountability System Resource Guide (FASRG). These accounting policies conform to generally accepted accounting principles applicable to state and local governments.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e. the Statement of Net Position and the Statement of Activities) report information on all of the nonfiduciary activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities, which are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely on fees and charges for support. Currently however, the District has no business-type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Custodial funds have no measurement focus. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided and 2) operating grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within sixty days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Major revenue sources considered susceptible to accrual include state and federal program revenues and property taxes. No accrual for property taxes collected within sixty days of year end has been made as such amounts are deemed immaterial; delinquent property taxes at year end are reported as deferred inflows of resources within the governmental fund financial statements.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Major Funds and Fund Types

The District reports the following major governmental funds:

The General Fund includes financial resources that are not required to be reported separately in another fund. It is a budgeted fund, and any unrestricted fund balances are considered to be resources available for current operations.

The Debt Service Fund includes debt service taxes and other revenues collected to retire bond principal and to pay interest due. It is a budgeted fund.

The Capital Projects Fund is used to account for the construction, improvement and renovation of school buildings in the District along with the acquisition of land and equipment. This fund is budgeted on a project basis rather than annually.

Additionally, the District reports the following fund types:

Special Revenue Funds are governmental funds which include resources restricted, committed, or assigned for specific purposes by a grantor or the Board. Federally financed programs where unused balances are returned to the grantor at the close of specified project periods are accounted for in these funds.

Private Purpose Trust Funds are fiduciary funds used to account for donations for which the donors have stipulated that both the principal and the income may be used for purposes that benefit parties outside the District. The District utilizes this fund type to account for money collected and held for the purpose of awarding scholarships to selected students.

Custodial Funds are fiduciary funds used to account for resources held for others in a custodial capacity. The District utilizes this fund type to account for funds held on behalf of student clubs and organizations.

Budgetary Information

Budgets are prepared annually for the General Fund, the Child Nutrition Fund, and the Debt Service Fund on the modified accrual basis, which is consistent with generally accepted accounting principles. A formal budget is prepared by the end of August and is adopted by the Board at a public meeting after public notice of the meeting has been given no earlier than the 30th day or later than the 10th day before the public hearing. The legal level of control for budgeted expenditures is the function level within the budgeted funds. Amendments to the budget are required prior to expending amounts greater than the budgeted amounts at the function level. Budgets are controlled at the departmental or campus level, the same level at which responsibility for operations is assigned. The budget was monitored by the administration throughout the year and amendments were brought to the Board as needed.

Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position or Fund Balance

Investments - The District's investment policies and types of investments are governed by Section 2256 of the Texas Government Code ("Public Funds Investment Act"). The types of investments allowed under the Public Funds Investment Act are detailed in Note 2 - Deposits and Investments. The District's management believes that it complied with the requirements of the Public Funds Investment Act and the District's investment policies. The District accrues interest on temporary investments based on the terms and effective interest rates of the specific investments. Temporary investments throughout the year consisted of investments in external investment pools, which are recognized at amortized cost, and money market accounts.

<u>Inventories</u> - Inventories are generally not recorded in the General Fund or Child Nutrition Fund due to amounts of expendable supplies held or purchased food not being deemed material. When inventories are recorded, they are charged to expenditures when consumed. Amounts recorded are offset by a fund balance classification titled "nonspendable" which indicates that the inventory does not represent "available expendable resources."

<u>Capital Assets</u> - Capital assets, which include land, buildings and improvements, construction in progress, furniture and equipment, and vehicles are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of at least \$5,000 and a useful life of greater than one year. Such assets are recorded at historical cost, if purchased, or estimated fair value at the date of donation, if donated. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend assets lives are not capitalized. Capital assets (other than land and construction in progress) are depreciated using the straight line method over the following estimated useful lives: buildings and improvements - fifteen to thirty years, furniture and equipment - three to twenty years, and vehicles - five to ten years.

<u>Prepaid Items</u> - Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. Prepaid items are charged to expenditures when consumed. When prepaid items are recorded, they are charged to expenditures when the value represented by the prepaid item has been used. Amounts recorded are offset by a fund balance classification titled "nonspendable" which indicates that the prepaid item amount does not represent "available expendable resources."

Ad Valorem Property Taxes - Delinquent taxes, when received, are prorated between maintenance and debt service based on rates adopted for the year of the levy. Allowances for uncollectibles within the General and Debt Service Funds are based upon historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

<u>Accumulated Sick Leave Liability</u> - The State of Texas (the "State") has created a minimum sick leave program consisting of five days of sick leave per year with no limit on accumulation and transferability among districts for every person regularly employed in Texas public schools. Each district's local Board is required to establish a sick leave plan. Local school districts may provide additional sick leave beyond the state minimum.

<u>Pensions</u> - The fiduciary net position of the Teacher Retirement System of Texas ("TRS") has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, pension expense, and information about assets, liabilities and additions to/deductions from TRS's fiduciary net position. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits - The fiduciary net position of the Teacher Retirement System of Texas TRS Care Plan (TRS-Care) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from TRS Care's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

<u>Deferred Outflows and Deferred Inflows of Resources</u> - The District complies with GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, which provides guidance for reporting the financial statement elements of deferred outflows of resources, which represent a consumption of the District's net position that is applicable to a future reporting period, and deferred inflows of resources, which represent the District's acquisition of net position applicable to a future reporting period.

The District complies with GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, which establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities.

<u>Fund Balance/Deficit</u> - The District complies with GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, which establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

<u>Statement of Cash Flows</u> - For purposes of the statement of cash flows when Proprietary Funds are used, cash and cash equivalents include demand deposits.

<u>Fair Value Measurements</u> - The District adopted GASB Statement No. 72, *Fair Value Measurement and Application*, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction. Fair value accounting requires characterization of the inputs used to measure fair value into a three-level fair value hierarchy as follows below:

- Level 1 inputs are based on unadjusted quoted market prices for identical assets or liabilities in an active market the entity has the ability to access
- Level 2 inputs are observable inputs that reflect the assumptions market participants would use in pricing the asset or liability developed based on market data obtained from sources independent from the entity
- Level 3 are unobservable inputs that reflect the entity's own assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available

There are three general valuation techniques that may be used to measure fair value:

- Market approach uses prices generated by market transactions involving identical or comparable assets or liabilities
- Cost approach uses the amount that currently would be required to replace the service capacity of an asset (replacement cost)
- Income approach uses valuation techniques to convert future amounts to present amounts based on current market expectations

Data Control Codes

The Data Control Codes shown on the financial statements refer to the account code structure prescribed by the FASRG. TEA requires school districts to display these codes in their financial statements to ensure accuracy in building a state-wide data base for policy development and funding plans.

2. DEPOSITS AND INVESTMENTS

The Public Funds Investment Act authorizes the District to invest in funds under a written investment policy, which is approved annually by the Board. The primary objectives of the District's investment strategy for operating and custodial funds, in order of priority, are safety, investment liquidity, and maturity sufficient to meet anticipated cash flow requirements. The primary objective of the District's investment strategy for Debt Service and Capital Projects Funds is sufficient investment liquidity to meet related obligations.

The District is authorized to invest in the following investment instruments provided that they meet the guidelines established in the investment policy:

- Obligations of, or guaranteed by, governmental entities
- Certificates of deposit and share certificates
- Fully collateralized repurchase agreements
- Securities lending programs
- Banker's acceptances
- Commercial paper
- No-load money market mutual funds and no-load mutual funds
- Guaranteed investment contracts as an investment vehicle for bond proceeds
- Public funds investment pools

The District's funds are required to be deposited and invested under the terms of a depository contract pursuant to the School Depository Act. The depository bank deposits for safekeeping and trust with the District's agent approved pledged securities in an amount sufficient to protect District funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the dollar amount of Federal Deposit Insurance Corporation ("FDIC") insurance. Therefore the District is not exposed to custodial credit risk.

Under the depository contract, the District, at its own discretion, may invest funds in time deposits and certificates of deposit provided by the depository bank at interest rates approximating United States Treasury Bill rates.

At August 31, 2024, the carrying amount of the District's deposits including deposits held in investment pools was \$18,193,934 and the bank balance was \$18,364,929. The District's deposits with financial institutions at August 31, 2024 and during the year ended August 31, 2024 were entirely covered by FDIC insurance or by pledged collateral held by the District's agent bank in the District's name. The deposits were collateralized in accordance with Texas law and the District maintains copies of all safekeeping receipts in the name of the District.

The District maintains a cash pool consisting of demand deposits. The combined pool is available for use by most Special Revenue Funds. If a fund overdraws its share of the pool, the overdraft is reported as an interfund payable in that fund. The offsetting interfund receivable is reported in the General Fund.

The following is disclosed regarding coverage of combined balances on the date of highest deposit:

- a) Name of depository bank: Cadence Bank, Texas
- b) The amount of bond and/or security pledged as of the date of the highest combined balance on deposit was \$6,625,870.
- c) The largest cash, savings and time deposit combined account balance amounted to \$3,300,195 and occurred during the month of November 2023.
- d) Total amount of FDIC coverage at the time of highest combined balance was \$500,000.

Investments held at August 31, 2024 consisted of the following:

			Weighted Average Maturity	Standard &
Investment Type]	Fair Value	(Days)	Poor's Rating
Local Government Investment Pools:			· • •	
TexPool	\$	2,491,286	1	AAAm
TexSTAR		14,242,886	1	AAAm
Total Investments	\$	16,734,172		

The District had investments in two external local governmental investment pools at August 31, 2024, consisting of the Texas Local Governmental Investment Pool ("TexPool") and TexStar. These amounts have been classified as cash and cash equivalents in the District's financial statements due to their liquidity.

TexPool

TexPool is a local government investment pool. It offers a safe, efficient, and liquid investment alternative to local governments in the State of Texas. The primary objectives of the pool are to preserve capital and protect principal, maintain sufficient liquidity, provide safety of funds and investments, diversify to avoid unreasonable or avoidable risks, and maximize the return on the pool. Cities, counties, school districts, institutions of higher education, special districts, and other public entities of Texas make up the investor base.

TexPool was originally rated in March 1995, but effective April 2002, the Texas Comptroller of Public Accounts contracted with Federated Investors, Inc. for the day-to-day operations of TexPool. Federated Investors, Inc. performs the pool's investment management and custodial functions. It also provides the marketing function, working closely with participants. Federated Securities Corp. acts as the distributor for the portfolio. Oversight of TexPool continues to be provided by the Texas Comptroller, as well as the TexPool advisory board. In January 1995, the advisory board adopted and implemented long-term policy changes to provide for a stable net asset value (NAV) pool, which, in effect, operates like an SEC regulated Rule 2a-7 money-market fund. These changes were made to ensure a more conservative investment strategy and to provide a much higher level of investment safety for local government funds.

TexSTAR

TexSTAR is a local government investment pool organized under the authority of the Interlocal Cooperation Act, chapter 791, of the Texas Government Code, and the Public Funds Investment Act, chapter 2256, of the Texas Government Code. The pool was created in April 2002 through a contract among its participating governmental units, and is governed by a board of directors (the board) to provide for the joint investments of participant's public funds and funds under their control. TexSTAR's policy seeks to invest pooled assets in a manner that will provide for preservation and safety of principal and competitive investment returns while meeting the daily liquidity needs of the participants by utilizing economies of scale and professional investment expertise.

Since April 2002, J.P. Morgan Investment Management Inc. (JPMIM) has served as investment adviser to TexSTAR. JPMIM is an SEC registered investment adviser and an affiliate of J.P. Morgan Asset Management (JPMAM), which is the marketing name for the asset management business of JPMorgan Chase & Co. FirstSouthwest, A Division of Hilltop Securities (FirstSouthwest) and JPMIM serve as co-administrators for TexSTAR. FirstSouthwest provides administrative, participant support, and marketing services. Hilltop Securities Inc. is a registered broker dealer, member of FINRA/SIPC, which provides financial advisory and investment banking services to governmental entities across the county. JPMorgan Chase Bank N.A. provides custodial services.

<u>Credit Risk</u> - Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized agencies are designed to give an indication of credit risk. At August 31, 2024, investments were included in local governmental investment pools with ratings from Standard & Poor's in compliance with the District's investment policy.

<u>Custodial Credit Risk</u> - Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the District, and are held by either the counterparty or the counterparty's trust department or agent but not in the District's name. At August 31, 2024, the District was not exposed to custodial credit risk.

Concentration of Credit Risk - Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investments in a single issuer. Information regarding investments in any one issuer that represents five percent or more of the District's total investments must be disclosed under GASB Statement No. 40, excluding investments issued or explicitly guaranteed by the U.S. government. At August 31, 2024, the District had 100% of its investments in local governmental investment pools.

<u>Interest Rate Risk</u> - As a means of minimizing risk of loss due to interest rate fluctuations, the District's investment policy requires that maturities will not exceed the weighted average maturity of 180 days for any internally created pool fund group and one year from the time of purchase for any other individual investment. The Board may specifically authorize a longer maturity for a given investment, within legal limits. The District considers the holdings in the local governmental investment pools to have a one day weighted average maturity due to the fact that the share position can usually be redeemed each day at the discretion of the shareholders, unless there has been a significant change in value. At August 31, 2024, investments were included in local government investment pools which have a weighted average maturity of one day.

3. PROPERTY TAXES

The Texas Legislature in 1979 adopted a comprehensive Property Tax Code (the "Code") which established a county-wide appraisal district and an appraisal review board in each county in the State. The Tax Appraisal District of Bell County (the "Appraisal District") is responsible for the recording and appraisal of all property in the District. Under the Code, the school board sets the tax rates on property and the Bell County Tax Assessor/Collector provides tax collection services. The Appraisal District is required under the Code to assess property at 100% of its appraised value. Further, real property must be reappraised at least every three years. Under certain circumstances, taxpayers and taxing units, including the District, may challenge orders of the Appraisal Review Board through various appeals and, if necessary, legal action.

Property taxes are levied as of October 1 in conformity with Subtitle E, Texas Property Tax Code. Taxes are due on receipt of the tax bill and are delinquent if not paid before February 1 of the year following the year in which imposed. On January 1 of each year, a tax lien attaches to property to secure the payment of all taxes and penalties and interest that are ultimately imposed. Property tax revenues are considered available when they become due or past due and receivable within the current period, including those property taxes expected to be collected during a 60 day period after the end of the District's fiscal year. The assessed value at January 1, 2023, upon which the October 2023 levy was based was \$714,648,755. The District levied taxes based on a combined tax rate of \$1.1687 per \$100 of assessed valuation for local maintenance (general governmental services) and debt service.

4. DUE FROM/TO OTHER GOVERNMENTS

The District participates in a variety of federal and state programs from which it receives grants to partially or fully fund certain activities. The District also receives entitlements from the State through the School Foundation and Per Capita Programs. Grants and entitlements are recorded as revenue when earned, therefore at year end amounts earned but not yet received in cash may be recorded as due from the grantor government. Amounts already received in cash but not yet earned are recorded as due to the grantor government.

A summary of amounts recorded as Due From/Due To Other Governments in the basic financial statements as of August 31, 2024 are summarized below:

Due From Other Governments:	Non-Major							
	(General		Debt	Go	vernmental		
		Fund	Serv	vice Fund	Funds		Funds	
Governmental Activities:								
Foundation & Per Capita Entitlements	\$	905,164	\$	-	\$	-	\$	905,164
State Grants		-		67,976		19,285		87,261
Federal Grants		-		-		112,766		112,766
Miscellaneous		323		-		-		323
Total - Governmental Activities	\$	905,487	\$	67,976	\$	132,051	\$	1,105,514

Due To Other Governments:

	L	Jebt		
	Servi	Service Fund		otal
Governmental Activities:				
Miscellaneous	\$	281	\$	281
Total - Governmental Activities	\$	281	\$	281

D-1-4

5. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

During the course of operations, the individual funds of the District may engage in temporary borrowings of money between one another to meet liquidity needs. These interfund receivables and payables are recorded on the balance sheet of the loaning fund as "Due from Other Funds" and on the balance sheet of the borrowing fund as "Due to Other Funds". Amounts are repaid when funds are available in the borrowing fund.

Individual funds may also make payments between one another which are intended to be permanent and therefore not repaid. These transactions are recorded on the statement of revenues, expenditures, and changes in fund balance as "Transfers Out" for the paying fund and "Transfers In" for the receiving fund.

The District did not record any interfund transfers during the year.

The composition of interfund balances as of August 31, 2024 was as follows:

Receivable Fund	Payable Fund	 Amount			
General Fund	General Fund	\$ 1,963			
	Special Revenue Funds	19,285			
	Capital Projects Fund	167,832			
Total General Fund		189,080			
Trust and Custodial Funds	General Fund	110			
Total Trust and Custodial Fu	nds	 110			
Grand Total		\$ 189,190			

6. CAPITAL ASSETS

Capital asset activity for the year ended August 31, 2024 was as follows:

	Beginning			Ending
	Balance			Balance
	9/1/23	Additions	Retirements	8/31/24
Governmental Activities:	_		_	
Capital Assets, not Being Depreciated:				
Land	\$ 1,648,225	\$ -	\$ -	\$ 1,648,225
Construction in Progress	32,436,514	36,789,627	-	69,226,141
Total Capital Assets, not Being Depreciated	34,084,739	36,789,627	-	70,874,366
Capital Assets, Being Depreciated:				
Buildings and Improvements	37,401,976	361,969	-	37,763,945
Furniture and Equipment	7,434,796	229,271	(116,780)	7,547,287
Total Capital Assets, Being Depreciated	44,836,772	591,240	(116,780)	45,311,232
Less Accumulated Depreciation for:				
Buildings and Improvements	(16,536,715)	(1,201,021)	-	(17,737,736)
Furniture and Equipment	(6,042,061)	(335,308)	3,370	(6,373,999)
Total Accumulated Depreciation	(22,578,776)	(1,536,329)	3,370	(24,111,735)
Governmental Activities Capital Assets, Net	\$ 56,342,735	\$35,844,538	\$ (113,410)	\$92,073,863

Depreciation expense was charged to the functions of the District as follows:

	Depreciation	
Function	A	llocation
Instruction	\$	848,715
Instructional Resources & Media Services		5,316
Curriculum & Instructional Staff Development		43,081
Instructional Leadership		7,338
School Leadership		104,344
Guidance, Counseling & Evaluation Services		32,304
Health Services		18,227
Student Transportation		63,150
Food Services		70,720
Extracurricular Activities		75,328
General Administration		70,744
Facilities Maintenance and Operations		159,593
Security and Monitoring Services		24,905
Data Processing Services		8,475
Community Services		4,089
Totals	\$	1,536,329

7. BONDS AND LOANS PAYABLE

Governmental activities long-term debt obligations at August 31, 2024 consisted of the following:

	Ou	tstanding at
General Long-Term Debt Description	Au	gust 31, 2024
\$13,539,994 Series 2021 Unlimited Tax Refunding Bonds due in remaining annual installments of \$42,002 to \$1,330,000 through February 15, 2038; interest at 1.00% to 4.00%.	\$	12,974,994
\$44,970,000 Series 2021 Unlimited Tax School Building and Refunding Bonds due in remaining installments of \$510,000 to \$3,030,000 through February 15, 2051; interest at 3.00% to 5.00%.		42,815,000
\$27,225,000 Series 2023 Unlimited Tax School Building Bonds due in remaining installments of \$145,000 to \$3,730,000 through February 15, 2053; interest at 4.00% to 5.00%.		27,255,000
\$440,000 Series 2016 Time Warrants due in one remaining annual installment of \$85,000 through February 2025; interest at 1.93%.		85,000
\$1,005,000 Series 2019 Maintenance Tax Notes due in remaining annual installments of \$65,000 to \$165,000 through February 2029; interest at 2.40%		710,000
Total General Long-Term Debt	\$	83,839,994

The following is a summary of changes in long-term liabilities for the year ended August 31, 2024:

	Outstanding				Outstanding	Due in
Туре	9/1/23	A	dditions	Deletions	8/31/24	One Year
Bonds Payable:						
General Obligation & Refunding Bonds	\$84,404,994	\$	-	\$ (1,360,000)	\$83,044,994	\$ 1,560,000
Premium on Issuance of Bonds	7,455,597		-	(562,681)	6,892,916	-
Total Bonds Payable	91,860,591		-	(1,922,681)	89,937,910	1,560,000
Other Long-Term Liabilities:						
Loans Payable	945,000		-	(150,000)	795,000	150,000
Total Other Long-Term Liabilities	945,000		-	(150,000)	795,000	150,000
Total Governmental Activities	\$92,805,591	\$	-	\$ (2,072,681)	\$90,732,910	\$ 1,710,000

For the general obligation bonds, the District has pledged as collateral the proceeds of a continuing, direct annual tax levied against taxable property within the District. The Texas Education Code generally limits issuance of additional ad valorem tax bonds if the tax rate needed to pay aggregate principal and interest amounts of the District's tax bond indebtedness would exceed \$0.50 per \$100 of assessed valuation of taxable property within the District.

Annual principal installments for outstanding bonds vary each year. The debt service requirements to maturity for general obligation bonds as of August 31, 2024 are as follows:

	Bonds l				
Year Ended					Total
August 31,	 Principal		Interest	R	equirements
2025	\$ 1,560,000	\$	2,931,458	\$	4,491,458
2026	1,875,000		2,859,758		4,734,758
2027	1,945,000		2,791,553		4,736,553
2028	1,392,002		3,345,509		4,737,511
2029	1,012,992		3,722,020		4,735,012
2030-2034	11,395,000		12,283,885		23,678,885
2035-2039	13,425,000		10,249,723		23,674,723
2040-2044	15,920,000		7,754,165		23,674,165
2045-2049	18,795,000		4,874,915		23,669,915
2050-2053	15,725,000		1,517,164		17,242,164
Total	\$ 83,044,994	\$ 52,330,150		\$	135,375,144

The debt service requirements for notes payable as of August 31, 2024 are as follows:

	Loans I	Paya	ble		
Year Ended					Total
August 31,	 Principal		Interest	Re	quirements
2025	\$ 150,000	\$	17,081	\$	167,081
2026	155,000		13,620		168,620
2027	160,000		9,840		169,840
2028	165,000		5,940		170,940
2029	 165,000		1,980		166,980
Total	\$ 795,000	\$	48,461	\$	843,461

8. TEACHER RETIREMENT SYSTEM OF TEXAS PENSION PLAN

A. Pension Plan Description

The Teacher Retirement System of Texas (TRS or System or Plan) is a public employee retirement system (PERS) that is a multiple-employer, cost-sharing, defined benefit pension plan with a special funding situation. The Plan is administered by the Board of Trustees of TRS. Information regarding the Board of TRS and its composition can be found within the separately issued TRS Annual Comprehensive Financial Report within Note 1 to the financial statements. That report may be obtained online at www.trs.texas.gov; by writing to TRS at 1000 Red River Street, Austin, Texas, 78701-2698; or by calling (512) 542-6592.

Benefits are established or amended under the authority of the Texas Constitution, Article XVI, Section 67 and by the Legislature in the Texas Government Code, Title 8, Subtitle C. The Board of Trustees does not have the authority to establish or amend benefits.

B. Benefits Provided

TRS provides retirement, disability, and death benefits. Membership in the Plan includes all employees of public, state-supported educational institutions in Texas who are employed for one-half or more of the standard workload and who are not exempt from membership under Texas Government Code, Title 8, Section 822.002.

State law requires the plan to be actuarially sound in order for the legislature to consider a benefit enhancement, such as a supplemental payment to the retirees. The pension became actuarially sound in May 2019 when the 86th Texas legislature approved the TRS Pension Reform Bill (SB12) that provided gradual contribution increases from the state, participating employers and active employees for the fiscal years 2019 through 2024.

C. Contributors to the Plan

Contributors to the Plan include active members, employers, and the State of Texas as the only non-employer contributing entity. The State is also the employer for senior colleges, medical schools, and state agencies, including TRS. In each respective role, the State contributes to the plan in accordance with State Statutes and the General Appropriations Act.

The number of participating employers during fiscal year 2023 are disclosed in the following table.

Participating Employers	
Independent School Districts	1,020
Charter Schools (open enrollment only)	200
Community and Junior Colleges	50
Senior Colleges and Universities	48
Regional Service Centers	20
Medical Schools	9
Educational Districts	2
State Agency	1
Total	1,350

Plan membership as of August 31, 2022 is shown in the following table. Because the actuarial valuation was based on a roll forward from fiscal year 2022 (see Section F), the Plan membership counts are as of August 31, 2022.

475,952
544,537
928,418
1,948,907

The Average Expected Remaining Service Life (AERSL) of 5.6705 years is based on membership information as of the beginning of the fiscal year.

D. Contributions

Contribution requirements are established or amended pursuant to the following state laws:

- Article 16, Section 67 of the Texas Constitution requires the legislature to establish a member contribution rate of not less than 6 percent of the member's annual compensation and a state contribution rate of not less than 6 percent and not more than 10 percent of the aggregate annual compensation paid to members of the System during the fiscal year.
- Government Code section 821.006 prohibits benefit improvements if it increases the amortization
 period of TRS' unfunded actuarial liability to greater than 31 years or, if the amortization period
 already exceeds 31 years, the period would be increased by such action. Actuarial implications of the
 funding provided in this manner are determined by the System's actuary.

As the non-employer contributing entity, the State of Texas contributes to the retirement system the current employer contribution rate times the aggregate annual compensation of all members of the Plan during the fiscal year, reduced by the employer contributions described below.

All participating employers and the State of Texas, as the employer for senior universities and medical schools, are required to pay the employer contribution rate in the following situations:

- On the portion of a member's salary that exceeds the statutory minimum for members entitled to the statutory minimum under Section 21.402 of the Texas Education Code
- During a new member's first 90 days of employment
- When any or all of an employee's salary is paid by federal, private, local or non-educational and general funds
- When the employing district is a public junior college or junior college district, the employer shall contribute to the retirement system an amount equal to 50 percent of the state contribution rate for certain instructional or administrative employees and 100 percent of the state contribution rate for all other employees.

Contribution rates and amounts for active employees, participating employers, and the State of Texas for the current and prior fiscal year are shown below.

Contribution Rates	<u>2023</u>	<u>2024</u>
Members	8.00%	8.25%
Employer	8.00%	8.25%
State of Texas (NECE)	8.00%	8.25%
Contribution Amounts		
Members	\$ 904,477	\$ 1,054,057
Employer	384,017	525,376
State of Texas (NECE)	711,807	746,858

Employers are also required to pay surcharges in the following cases:

- All public schools, charter schools and regional education service centers must contribute 1.8 percent of the member's salary beginning in fiscal year 2023, gradually increasing to 2 percent in fiscal year 2025.
- When employing a retiree of TRS, the employer shall pay an amount equal to the member contribution and the state contribution as an employment after retirement surcharge.

E. Net Pension Liability

Components of the Net Pension Liability of the Plan as of August 31, 2023 are disclosed below:

Components of Pension Liability	<u>Total</u>
Total Pension Liability	\$ 255,860,886,500
Less: Plan Fiduciary Net Position	(187,170,535,558)
Net Pension Liability	\$ 68,690,350,942
Net Position as Percentage of Total Pension Liability	 73.15%

F. Actuarial Methods and Assumptions

Roll Forward

The actuarial valuation was performed as of August 31, 2022. Update procedures were used to roll forward the total pension liability to August 31, 2023.

The total pension liability is determined by an annual actuarial valuation. The actuarial methods and assumptions were selected by the Board of Trustees based upon analysis and recommendations by the System's actuary. The Board of Trustees has sole authority to determine the actuarial assumptions used for the Plan. The actuarial methods and assumptions were primarily based on a study of actual experience for the four year period ending August 31, 2021 and were adopted in July 2022.

The post-retirement mortality rates for healthy lives were based on the 2021 TRS of Texas Healthy Pensioners Mortality Tables, with full generational projection using the ultimate improvement rates from the most recently published projection scale ("U-MP"). The active mortality rates were based on the published PUB(2010) Mortality Tables for Teachers, below median, also with full generational mortality.

The long-term expected rate of return on pension plan investments is 7.00 percent. The long-term expected rate of return on plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of geometric real rates of return for each major asset class included in the System's target asset allocation as of August 31, 2023 are summarized in the chart below:

Asset Class	Target Allocation %**	Long-Term Expected Geometric Real Rate of Return*	Expected Contribution to Long- Term Portfolio Returns
Global Equity	, ,	10000 011000011	1100001115
USA	18.0%	4.0%	1.0%
Non-U.S. Developed	13.0%	4.5%	
Emerging Markets	9.0%	4.8%	0.7%
Private Equity*	14.0%	7.0%	1.5%
Stable Value			
Government Bonds	16.0%	2.5%	0.5%
Absolute Return*	0.0%	3.6%	0.0%
Stable Value Hedge Funds	5.0%	4.1%	0.2%
Real Return			
Real Estate	15.0%	4.9%	1.1%
Energy, Natural Resources and Infrastructure	6.0%	4.8%	0.4%
Commodities	0.0%	4.4%	0.0%
Risk Parity	8.0%	4.5%	0.4%
Asset Allocation Leverage			
Cash	2.0%	3.7%	0.0%
Asset Allocation Leverage	-6.0%	4.4%	-0.1%
Inflation Expectation			2.3%
Volatility Drag****			-0.9%
Expected Return	100.0%		8.0%

^{*}Absolute Return includes Credit Sensitive Investments.

^{**} Target allocations are based on the FY2023 policy model.

^{***} Capital Market Assumptions come from Aon He witt (as of 6/30/2023)

^{****} The volatility drag results from the conversion between arithmetic and geometric mean returns.

The following table discloses the assumptions that were applied to this measurement period.

Actuarial Methods and Assumptions

Valuation Date August 31, 2022 rolled forward

to August 31, 2023

Actuarial Cost Method Individual Entry Age Normal

Asset Valuation Method Fair Value
Single Discount Rate 7.00%
Long-Term Expected Rate 7.00%

Municipal Bond Rate as of August 2023 4.13% - The source for the rate is the

Fixed Income Market Data/Yield Curve/Data Municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year

Municipal GO AA Index."

Last year ending August 31 in Projection Period (100 years) 2122

Inflation 2.30%

Salary Increases 2.95% to 8.95% including inflation

Ad hoc post-employment benefit changes None

The actuarial assumptions used in the determination of the total pension liability are the same assumptions used in the actuarial valuation as of August 31, 2022. For a full description of these assumptions please see the actuarial valuation report dated November 22, 2022.

Discount Rate

A single discount rate of 7.00 percent was used to measure the total pension liability. The single discount rate was based on the expected rate of return on plan investments of 7.00 percent. The projection of cash flows used to determine this single discount rate assumed that contributions from active members, employers and the nonemployer contributing entity will be made at the rates set by the Legislature during the 2019 legislative session. It is assumed that future employer and state contributions will be 9.50 percent of payroll in fiscal year 2024 increasing to 9.56 percent in fiscal year 2025 and thereafter. This includes all employer and state contributions for active and rehired retirees.

Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

G. Change of Assumptions Since the Prior Measurement Date

The actuarial assumptions and methods are the same as used in the determination of the prior year's Net Pension Liability.

H. Changes in Benefit Provisions Since Prior Measurement Date

The Texas 2023 Legislature passed legislation that provides a one-time stipend to certain retired teachers. The stipend was paid to retirees beginning in September of 2023. The Legislature appropriated funds to pay for this one-time stipend so there will be no impact on the Net Pension Liability of TRS. In addition, the Legislature also provided for a cost of living adjustment (COLA) to retirees which was approved during the November 2023 election which will be paid January 2024. Therefore, this contingent liability was not reflected as of August 31, 2023.

I. Sensitivity of the Net Pension Liability to the Single Discount Rate Assumption

The following table presents the net pension liability of the plan using the discount rate of 7.00 percent, and what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00 percent) or one percentage point higher (8.00 percent) than the current rate.

Sensitivity of the Net Pension Liability to the Single Discount Rate Assumption					
	1% Decrease Current Single Discount Rate 1% Increase 6.00% 7.00% 8.00%				
District's Proportionate Share	******	7.00.1	***************************************		
of the Net Pension Liability:	\$ 7,550,549	\$ 5,050,348	\$ 2,971,428		

J. District Net Pension Liabilities, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions, and Pension Expense

The Net Pension Liability of the Plan as a whole was last measured as of August 31, 2023 and the total pension liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. The District was assigned a proportion of the Plan's Net Pension Liability based on the District's contributions to the Plan relative to the contributions of all employers for the period September 1, 2022 through August 31, 2023.

The table below presents a two-year comparison of the District's assigned proportion and resulting proportionate share of the collective Net Pension Liability, as well as the State's proportionate share of the Net Pension Liability associated with the District.

	Measurement Date					
		8/31/22		8/31/23		Change
District's Proportion of the Collective Net Pension Liability	0.0	00077438429	0.0	00073523391	(0.00	00003915038)
District's Proportionate Share of the Net Pension Liability	\$	4,597,320	\$	5,050,348	\$	453,028
State's Proportionate Share of the Net Pension Liability						
Associated with the District		8,574,398		9,239,113		664,715
Total Pension Liability	\$	13,171,718	\$	14,289,461	\$	1,117,743

At August 31, 2024, Academy Independent School District reported its proportionate share of the TRS's deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows	Deferred Inflows
	of Resources	of Resources
Differences between expected and actual economic experience	\$ 179,946	\$ 61,154
Changes in actuarial assumptions	477,664	116,895
Difference between projected and actual investment earnings	1,578,081	843,133
Changes in proportion and difference between the employer's		
contributions and the proportionate share of contributions	347,424	284,141
Contributions paid to TRS subsequent to the measurement date	525,376	-
Total	\$ 3,108,491	\$ 1,305,323

The net amounts of the employer's balances of deferred outflows and inflows of resources related to pensions (not including the deferred contribution paid subsequent to the measurement date) will be recognized in pension expense as follows:

Measurement Year Ended	Pension Expense		
August 31,	Amount		
2024	\$ 305,925		
2025	162,866		
2026	639,688		
2027	171,748		
2028	(2,435)		
Thereafter	-		

For the year ended August 31, 2024, Academy Independent School District recognized pension expense of \$400,736 and revenue of \$1,395,026 for support provided by the State.

9. EMPLOYEE HEALTH CARE COVERAGE

During the year ended August 31, 2024, employees of the District were covered by the state-wide health insurance plan, TRS Active Care. The District contributed \$325 per month per employee to the Plan, the State provided an additional \$75 per month per employee, and employees, at their option, authorized payroll withholdings to pay contributions or premiums for dependents. TRS manages TRS Active Care. The Plan is administered by Aetna while Caremark was assigned the prescription drug plan.

10. OTHER POST-EMPLOYMENT BENEFITS (OPEB) PLAN - TRS-CARE

A. Plan Description

The Texas Public School Retired Employees Group Insurance Program (TRS-Care) is a multiple-employer, cost-sharing, defined benefit OPEB plan with a special funding situation. The TRS-Care program was established in 1986 by the Texas Legislature.

The Board of Trustees of TRS administers the TRS-Care program and the related fund in accordance with the Texas Insurance Code Chapter 1575. The Board of Trustees is granted the authority to establish basic and optional group insurance coverage for participants as well as to amend benefit terms as needed under Chapter 1575.052. The Board may adopt rules, plans, procedures, and orders reasonably necessary to administer the program, including minimum benefits and financing standards. Further detailed information regarding TRS and TRS-Care is available in a separately issued Annual Comprehensive Financial Report for TRS that includes financial statements and required supplementary information. That report may be obtained online at www.trs.texas.gov; by writing to TRS at 1000 Red River Street, Austin, Texas, 78701-2698; or by calling (512) 542-6592.

B. Benefits Provided

TRS-Care provides health insurance coverage to retirees from public schools, charter schools, regional service centers, and other educational districts who are members of the TRS pension system. Eligible non-Medicare retirees and their dependents may enroll in TRS-Care Standard, a high-deductible health plan. Eligible Medicare retirees and their dependents may enroll in the TRS-Care Medicare Advantage medical plan and the TRS-Care Medicare Rx prescription drug plan. To qualify for TRS-Care coverage, a retiree must have at least 10 years of service credit in the TRS pension system.

The General Appropriations Act passed by the 86th Legislature included funding to maintain TRS-Care premiums at their current level through 2021. The 86th legislature also passed Senate Bill 1682 which requires TRS to establish a contingency reserve in the TRS-Care fund equal to 60 days of expenditures. This amount is estimated at \$336,000,000 as of August 31, 2023.

C. Contributors to TRS-Care

Contributors to the plan include active and retired members, employers, and the State of Texas as the only non-employer contributing entity.

During fiscal year 2023, the number of participating employers are presented in the following table.

Participating Employers	
Independent School Districts	1,019
Open Enrollment Charter Schools	200
Regional Service Centers	20
Other Educational Districts	2
Total	1,241

TRS-Care plan membership as of August 31, 2022 is shown in the following table. Because the actuarial valuation was based on a roll-forward (See Section F), the counts are as of that date.

TRS-Care Plan Membership	
Active plan members	757,626
Inactive plan members currently	188,218
receiving benefits	
Inactive plan members entitled to but	13,971
not yet receiving benefits	
Total	959,815

The Average Expected Remaining Service Life (AERSL) of 9.2215 years is based on the membership information as of the beginning of the fiscal year.

D. Contributions

Contribution rates for the TRS-Care plan are established in State Statute by the Texas Legislature, and there is no continuing obligation to provide benefits beyond each fiscal year. The TRS-Care plan is currently funded on a payas-you-go basis and is subject to change based on available funding. Funding for TRS-Care is provided by retiree premium contributions; and contributions from the state, active employees, and participating employers are based on active employee compensation. The TRS Board does not have the authority to set or amend contribution rates.

At the inception of the plan, funding was projected to last 10 years through fiscal year 1995. The original funding was sufficient to maintain the solvency of the fund through fiscal year 2000. Since that time, appropriations and contributions have been established to fund the benefits for each successive biennium.

Section 1575.202 of the Texas Insurance Code establishes the State's contribution rate which is 1.25 percent of the employee's salary. Section 1575.203 establishes the active employee rate which is 0.65 percent of salary. Section 1575.204 establishes a public school contribution rate of not less than 0.25 percent or not more than 0.75 percent of the salary of each active employee of the employer. The actual public school contribution rate is prescribed by the Legislature in the General Appropriations Act, which is 0.75 percent of each active employee's pay for fiscal year 2023.

Contribution rates and amounts for active employees, participating employers, and the State of Texas for the current and prior fiscal year are shown below.

Contribution Rates	<u>2023</u>	<u>2024</u>		
Members	0.65%	0.65%		
Employer	0.75%	0.75%		
State of Texas	1.25%	1.25%		
Federal/Private Funding*	1.25%	1.25%		
Contribution Amounts				
Members	\$ 73,489	\$ 83,046		
Employer	91,406	114,068		
State of Texas (NECE)	125,613	131,799		

^{*} Contributions paid from federal funds and private grants are remitted by the employer and paid at the State rate.

All employers whose employees are covered by the TRS pension plan are also required to pay a surcharge of \$535 per month when employing a retiree of TRS. The TRS-Care surcharges for fiscal year 2023 totaled \$14,548,344.

A supplemental appropriation was received in 2023 for \$21.3 million provided by Rider 14 of the Senate Bill GAA of the 87th Legislature. These amounts were re-appropriated from amounts received by the pension and TRS-Care funds in excess of the state's actual obligation and then transferred to TRS Care. The premium rates for retirees are reflected in the following table.

The premium rates for retirees are reflected in the following table.

TRS-Care Monthly Premium Rates							
	1	Medicare	Non	-Medicare			
		vicuicaic	Non	riviculcare			
Retiree or Surviving Spouse	\$	135	\$	200			
Retiree and Spouse		529		689			
Retiree or Surviving Spouse and Children		468		408			
Retiree and Family		1,020		999			

E. Net OPEB Liability

Components of the Net OPEB Liability of the TRS-Care plan as of August 31, 2023 are disclosed in the following table.

Components of OPEB Liability	<u>Total</u>
Total OPEB Liability	\$ 26,028,070,267
Less: Plan Fiduciary Net Position	(3,889,765,203)
Net OPEB Liability	\$ 22,138,305,064
Net Position as a Percentage of Total OPEB Liability	14.94%

The Net OPEB Liability decreased by \$1.8 billion, from \$23.9 billion as of August 31, 2022, to \$22.1 billion as of August 31, 2023. The decrease was primarily due to favorable claims experience.

F. Actuarial Methods and Assumptions

Roll Forward

The actuarial valuation was performed as of August 31, 2022. Update procedures were used to roll forward the Total OPEB Liability to August 31, 2023.

The actuarial valuation of the OPEB plan offered through TRS-Care is similar to the actuarial valuation performed for the pension plan, except that the OPEB valuation is more complex.

Demographic Assumptions

The rates of mortality, retirement, termination and disability incidence are identical to the assumptions used to value the pension liabilities of the Teacher Retirement System of Texas (TRS). The demographic assumptions were updated based on the experience study performed for TRS for the period ending August 31, 2021.

Mortality Assumptions

The active mortality rates were based on PUB(2010), Amount-Weighted, Below-Median Income, Teacher male and female tables (with a two-year set forward for males). The post-retirement mortality rates for healthy lives were based on the 2021 TRS of Texas Healthy Pensioner Mortality Tables. The rates were projected on a fully generational basis using the ultimate improvement rates from mortality projection scale MP-2021.

Election Rates

Normal Retirement - 62 percent participation rate prior to age 65 and 25 percent participation rate after age 65. Pre-65 retirees - 30 percent of pre-65 retirees are assumed to discontinue coverage at age 65.

Health Care Trend Rates

The initial medical trend rates were 7.75 percent for Medicare retirees and 7.00 percent for non-Medicare retirees. The initial prescription drug trend rate was 7.75 percent for all retirees. The initial trend rates decrease to an ultimate trend rate of 4.25 percent over a period of 12 years.

Actuarial Methods and Assumptions

Valuation Date August 31, 2022, rolled forward to August 31, 2023

Actuarial Cost Method Individual Entry-Age Normal

Inflation 2.30%

Single Discount Rate 4.13% as of August 31, 2023
Aging Factors Based on plan specific experience

Expenses Third-party administrative expenses related to the delivery

of health care benefits are included in the age-adjusted

claims costs.

Salary Increases 2.95% to 8.95%, including inflation

Ad Hoc Post-Employment Benefit Changes None

Discount Rate

A single discount rate of 4.13 percent was used to measure the total OPEB liability. This was an increase of 0.22 percent in the discount rate since the previous year. Since the plan is a pay-as-you-go plan, the single discount rate is equal to the prevailing municipal bond rate.

G. Change of Assumptions Since the Prior Measurement Date

The single discount rate changed from 3.91 percent as of August 31, 2022 to 4.13 percent, as of August 31, 2023, accompanied by revised demographic and economic assumptions based on the TRS experience study.

H. Changes of Benefit Terms Since the Prior Measurement Date

The following presents the Net OPEB Liability of the plan using the discount rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher, as well as what the Net OPEB liability would be if it were calculated using a discount rate that is one percentage point lower, 3.13 percent or one percentage point higher, 5.13 percent, than the AA/Aa rate. The source for the rate is the Fixed Income Municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in the Fidelity "20-Year Municipal GO AA Index", as of August 31, 2023.

I. Sensitivity of the Net OPEB Liability to the Single Discount Rate Assumption

The following presents the net OPEB liability of the plan using the assumed healthcare cost trend rate, as well as what the net OPEB liability would be if it were calculated using a trend rate that is one percent lower or one percent higher than the assumed healthcare cost trend rate.

Sensitivity of the Net OPEB Liability to the Single Discount Rate Assumption								
	1% Decr	Curre	nt Single		1% Increase			
	3.13%	3.13% Discou		Discount Rate 4.13%		5.13%		
District's Proportionate Share of the Net OPEB Liability	\$	2,820,256	\$	2,394,528	\$	2,047,125		

J. Sensitivity of the Net OPEB Liability to the Healthcare Cost Trend Rate Assumptions

The following presents the net OPEB liability of the plan using the assumed healthcare cost trend rate, as well as what the net OPEB liability would be if it were calculated using a trend rate that is one percent lower or one-percent higher than the assumed healthcare cost trend rate.

Sensitivity of the Net OPEB Liability to the Healthcare Cost Trend Rate Assumption								
		Current Healthcare Cost						
	1% Decrease	Trend Rate	1% Increase					
District's Proportionate Share of the Net OPEB Liability	\$ 1,971,774	\$ 2,394,528	\$ 2,938,403					

K. District Net OPEB Liabilities, Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB, and OPEB Expense

The Net OPEB Liability of the TRS-Care program as a whole was last measured as of August 31, 2022 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date. The District was assigned a proportion of TRS Care's Net OPEB Liability based on the District's contributions to the program relative to the contributions of all employers for the period September 1, 2022 through August 31, 2023.

The table below presents a two-year comparison of the District's assigned proportion and resulting proportionate share of the collective Net OPEB Liability, as well as the State's proportionate share of the Net OPEB Liability associated with the District.

	Measurement Date					
	8/31/22 8/31/23			8/31/23		Change
District's Proportion of the Collective Net OPEB Liability	(0.000119079677	0.000108162227		000108162227 -0.0000109	
District's Proportionate Share of the Net OPEB Liability	\$	2,851,244	\$	2,394,528	\$	(456,716)
State's Proportionate Share of the Net OPEB Liability						
Associated with the District		3,478,070		2,889,367		(588,703)
Total OPEB Liability	\$	6,329,314	\$	5,283,895	\$	(1,045,419)

At August 31, 2024, Academy Independent School District reported its proportionate share of TRS's deferred outflows of resources and deferred inflows of resources related to other post-employment benefits from the following sources:

	Deferred Outflows	Deferred Inflows
	of Resources	of Resources
Differences between expected and actual economic experience	\$ 108,334	\$ 2,014,542
Changes in actuarial assumptions	326,836	1,466,233
Difference between projected and actual investment earnings	5,446	4,411
Change in proportion and difference between the employer's		
contributions and the proportionate share of contributions	877,901	540,064
Contributions paid to TRS subsequent to the measurement date	114,068	-
Total	\$ 1,432,585	\$ 4,025,250

The net amounts of the employer's balances of deferred outflows and inflows of resources related to OPEB (not including the deferred contribution paid subsequent to the measurement date) will be recognized in OPEB expense as follows:

Measurement Year Ended	OPEB Expense
August 31,	Amount
2024	\$ (544,124)
2025	(434,297)
2026	(285,610)
2027	(366,034)
2028	(373,977)
Thereafter	(702,691)

For the year ended August 31, 2024, Academy Independent School District recognized OPEB expense of \$539,637 and revenue of (\$617,686) for support provided by the State.

11. FRINGE BENEFITS PAID BY OTHER GOVERNMENTS

The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 established prescription drug coverage for Medicare beneficiaries known as Medicare Part D. Under Medicare Part D, TRS-Care receives retiree drug subsidy payments from the federal government to offset certain prescription drug expenditures for eligible TRS-Care participants. For the years ended August 31, 2024 and August 31, 2023, the subsidy payments received by TRS-Care on behalf of the District were \$64,439 and \$61,180, respectively.

12. FUND BALANCES

The District complies with GASB Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, which establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds. Those fund balance classifications are below.

<u>Nonspendable</u> - Amounts that cannot be spent because they are either not in a spendable form or are legally or contractually required to be maintained intact.

<u>Restricted</u> - Amounts that can be spent only for specific purposes because of constraints imposed by external providers, or imposed by constitutional provisions or enabling legislation.

<u>Committed</u> - Amounts that can only be used for specific purposes pursuant to approval by formal action by the Board.

<u>Assigned</u> - For the General Fund, the Board, or an official or body that has been delegated authority by the Board, may appropriate amounts that are to be used for a specific purpose. For all other governmental funds, any remaining positive amounts not previously classified as nonspendable, restricted or committed.

<u>Unassigned</u> - Amounts that are available for any purpose; these amounts can be reported only in the District's General Fund.

A detail of the fund balance amounts within each category is included on the governmental funds balance sheet.

Fund balance of the District may be committed for a specific purpose by formal action of the Board, the District's highest level of decision-making authority. Commitments may be established, modified, or rescinded only through a resolution approved by the Board. The Board has delegated authority to the Superintendent to assign fund balance for a specific purpose. In circumstances where an expenditure is to be made for a purpose for which amounts are available in multiple fund balance classifications, the order in which resources will be expended is as follows: restricted fund balance, committed fund balance, assigned fund balance, and unassigned fund balance.

13. REVENUE FROM LOCAL AND INTERMEDIATE SOURCES

During the current year, revenues from local and intermediate sources consisted of the following:

	Non-Major							
	General	Debt	Capital	Government al	Trust	Custodial		
Type	Fund	Service Fund	Projects Fund	Funds	Funds	Funds	Total	
Property Taxes	\$ 4,680,127	\$ 3,481,092	\$ -	\$ -	\$ -	\$ -	\$ 8,161,219	
Tuition and Fees	20,700	-	-	-	=	=	20,700

Misc. Local Revenue	233,486			268,148	-	24,808	526,442	
Total	\$ 5,334,926	\$ 3,696,310	\$ 1,385,507	\$ 683,914	\$ 7,175	\$ 372,206	\$11,480,038	

NT NT .

14. UNEARNED REVENUE

Unearned revenue at August 31, 2024 consisted of the following amounts:

	Local		State		
Fund	Sources		Grants		 Total
General Fund	\$	10,050	\$	-	\$ 10,050
Non-Major Governmental Funds		-		20,359	 20,359
Total	\$	10,050	\$	20,359	\$ 30,409

15. RISK MANAGEMENT

The District's risk management program includes coverages through third party insurance providers for property, automobile liability, school professional liability, crime, workers' compensation, and other miscellaneous bonds. During the year ended August 31, 2024, there were no significant reductions in insurance coverage from coverage in the prior year. Losses in excess of the various deductible levels are covered through traditional indemnity coverage for buildings and contents, and vehicle liability with various insurance firms. Settled claims have not exceeded insurance limits for the past three years.

16. COMMITMENTS AND CONTINGENCIES

The District participates in a number of federal financial assistance programs. Although the District's grant programs have been audited in accordance with the provisions of *Government Auditing Standards* and when applicable, the Uniform Guidance, for the year ended August 31, 2024, these programs are subject to financial and compliance audits performed by the specific grantors. These audits, if performed, could result in amounts of expenditures being disallowed by the granting agencies and subject to repayment. The District however expects that such amounts, if any, would be immaterial.

17. UNEMPLOYMENT COMPENSATION POOL

During the year ended August 31, 2024, Academy Independent School District provided unemployment compensation coverage to its employees through participation in the TASB Risk Management Fund (the Fund). The Fund was created and is operated under the provisions of the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code. The Fund's Unemployment Compensation Program is authorized by Section 22.005 of the Texas Education Code and Chapter 172 of the Texas Local Government Code. All members participating in the Fund execute Interlocal Agreements that define the responsibilities of the parties.

The Fund meets its quarterly obligation to the Texas Workforce Commission. Expenses are accrued monthly until the quarterly payment has been made. Expenses can be reasonably estimated; therefore there is no need for specific or aggregate stop loss coverage for the Unemployment Compensation pool. For the year ended August 31, 2024, the Fund anticipates that Academy Independent School District has no additional liability beyond the contractual obligation for payment of contribution. The Fund engages the services of an independent auditor to conduct a financial audit after the close of each year on August 31. The audit is accepted by the Fund's Board of Trustees in February of the following year. The Fund's audited financial statements as of August 31, 2023, are available on the TASB Risk Management Fund website and have been filed with the Texas Department of Insurance in Austin.

18. SHARED SERVICES ARRANGEMENT - FISCAL AGENT

Shared Services Arrangement - Fiscal Agent

The District is the fiscal agent for a Shared Services Arrangement (SSA) for an Alternative Education Placement (AEP) Program and a Disciplinary Alternative Education Placement (DAEP) Program. There are five member districts. The member districts provide program funds to the fiscal agent for all services provided by the fiscal agent. According to guidance provided in the FASRG, the District has accounted for the activities of the SSA in Fund 459. Member districts share equally in the cost of the program.

19. CHAPTER 313 TAX LIMITATION AGREEMENT

The District has entered in an agreement to apply a limitation on the appraised value of property used for the purpose of calculating assessed Maintenance and Operations (M&O) school property taxes. This tax limitation agreement is pursuant to Chapter 313 of the Texas Tax Code. Value limitation agreements are part of a state program, originally created in 2001 which allows school districts to limit the taxable value of an approved project for M&O for a period of years specified in statute. The project must be consistent with the State's goal to "encourage large scale capital investments in this State." Chapter 313 grants eligibility to companies engaged in manufacturing, research and development, renewable electric energy production, clean coal projects, nuclear power generation, and Texas Priority projects.

Each applicant is required to meet a series of capital investment, job creation, and wage requirements specified by State law. At the time of an application's approval, it has been determined by both the District's Board of Trustees and the Texas Comptroller's Office that the project would meet these standards. After approval, the applicant's company must maintain a viable presence in the District for the entire period of the value limitation plus a period of years thereafter. In addition, there are specific reporting requirements, which are monitored on an annual and biennial basis in order to ensure relevant job, wage, and operational requirements are being met.

20. PRIOR PERIOD ADJUSTMENT

The District reported a prior period adjustment in the Student Activity Fund for amounts previously reported as Due to Student Groups. In accordance with Governmental Accounting Standards Board Statement No. 84, this amount, \$146,020 has been reported as a prior period adjustment for the year ended August 31, 2024 and classified into net position.

21. IMPLEMENTATION OF NEW GOVERNMENTAL ACCOUNTING STANDARD

During the year the District implemented Governmental Accounting Standards Board Statement No. 100 – *Accounting Changes and Error Corrections* ("GASB 100"). The objective of GASB 100 is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability.

This Statement defines accounting changes as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes. As part of those descriptions, for (1) certain changes in accounting principles and (2) certain changes in accounting estimates that result from a change in measurement methodology, a new principle or methodology should be justified on the basis that it is preferable to the principle or methodology used before the change. That preferability should be based on the qualitative characteristics of financial reporting—understandability, reliability, relevance, timeliness, consistency, and comparability. This Statement also addresses corrections of errors in previously issued financial statements.

For the year ended August 31, 2024, the District did not have any changes in policy or circumstance within the financial reporting entity that required a restatement or adjustment.

ACADEMY INDEPENDENT SCHOOL DISTRICT NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED AUGUST 31, 2024

Teacher Retirement System

Actuarial Assumptions

The information presented in the required supplementary schedules was used in the actuarial valuation for determining the actuarially determined contribution rate and the Net Pension Liability in accordance with GASB 68. Actuarial methods and assumptions used for funding purposes can be found in the Teacher Retirement System of Texas Pension Plan note to the financial statements.

Changes of Benefit Provisions Since Prior Measurement Date

The Texas 2023 Legislature passed legislation that provides a one-time stipend to certain retired teachers. The stipend was paid to retirees beginning in September of 2023. The Legislature appropriated funds to pay for this one-time stipend so there will be no impact on the Net Pension Liability of TRS.

In addition, the Legislature also provided for a cost of living adjustment (COLA) to retirees which was approved during the November 2023 election which will be paid January 2024. Therefore, this contingent liability was not reflected as of August 31, 2023.

Changes of Assumptions Since the Prior Measurement Date

• The single discount rate changed from 3.91 percent as of August 31, 2022 to 4.13 percent, as of August 31, 2023, accompanied by revised demographic and economic assumptions based on the TRS experience study.

Texas Public School Retired Employees Group Insurance Plan

Actuarial Assumptions

Actuarial methods and assumptions used for funding purposes can be found in the Other Post-Employment Benefits (OPEB) Plan – TRS-Care note to the financial statements.

Changes of Assumptions Since the Prior Measurement Date

The following assumptions, methods and plan changes which are specific to TRS-Care were updated from the prior year's report:

• The actuarial assumptions and methods are the same as used in the determination of the prior year's Net Pension Liability

FEDERAL AWARDS SECTION

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH $GOVERNMENT\ AUDITING\ STANDARDS$

To the Board of Trustees of Academy Independent School District

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Academy Independent School District (the "District") as of and for the year ended August 31, 2024, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated October 25, 2024.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings and questioned costs as items.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY UNIFORM GUIDANCE AND REPORT ON THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

To the Board of Trustees of Academy Independent School District

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Academy Independent School District's (the "District") compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended August 31, 2024. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended August 31, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Academy Independent School District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in order to
 design audit procedures that are appropriate in the circumstances and to test and report on internal control
 over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an
 opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such
 opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed no instances of noncompliance which are required to be reported in accordance with the Uniform Guidance.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by Uniform Guidance

We have audited the financial statements of Academy Independent School District as of and for the year ended August 31, 2024, and have issued our report thereon dated October 25, 2024, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

ACADEMY INDEPENDENT SCHOOL DISTRICT NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED AUGUST 31, 2024

1. BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal awards expenditures of Academy Independent School District (the "District") under programs of the federal government for the year ended August 31, 2024. The information in the accompanying Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position, change in net position, or cash flows of the District.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The expenditures reported on the Schedule are presented using the modified-accrual basis of accounting, with the exception of the National School Lunch Program, School Breakfast Program and the Food Distribution Program. Under the modified-accrual basis of accounting, revenues are recognized in the accounting period in which they become measurable and available, and expenditures in the accounting period in which the fund liability is incurred, if measurable. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited to reimbursement.

Expenditures for the National School Lunch Program, School Breakfast Program and the Food Distribution Program are shown on the Schedule in an amount equal to the related revenue, but are not specifically attributable to this revenue source. Expenditures are reported in this manner due to the Child Nutrition Fund being a fund that combines local, state, and federal revenues, and spends those resources together to support the overall operations of the Child Nutrition Program.

The District has elected to not use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

Relationship to Basic Financial Statements - Expenditures of federal awards are reported in the District's basic financial statements in the special revenue funds.

Relationship to Federal Financial Reports - Amounts reported in the accompanying Schedule agree with the amounts reported in the related federal financial reports in all significant respects.

Valuation of Non-Cash Programs – The District values revenues and expenditures for the Food Distribution Program based on the value of commodities received.

ACADEMY INDEPENDENT SCHOOL DISTRICT SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED) FOR THE YEAR ENDED AUGUST 31, 2024

SECTION I – SUMMARY OF AUDITOR'S RESULTS FINANCIAL STATEMENTS Type of auditor's report issued: Unmodified Internal control over financial reporting: Material weakness(es) identified?
